# Equity Research Intern

We are looking for a junior colleague for our Equity Research Department. Based in Prague, you will be supporting our analysts, preparing data for reports and presentations, and maintaining company models and industry databases. You will provide the information our analysts and clients (mutual funds, pension funds and hedge funds from across the world) use to make informed investment decisions.

The candidate we are looking for should be hard-working, attentive to detail and intellectually curious. This is an entry level role. We do not require any special skillset, except for a good command of the English language, both written and spoken. You will learn everything you need to know on the job.

WOOD & Co. is a leading investment bank in Emerging Europe, with over 270 employees in six offices across Europe. You will be a part of an award-winning team of 20 analysts, who cover over 180 listed companies across EMEA. While working primarily with our Prague staff, you may also support our analysts in London, Warsaw, Athens and Istanbul.

This is an excellent opportunity for undergraduate and graduate students. Working alongside experienced colleagues, you will have the chance to learn financial modelling and gain a deeper understanding of the financial markets and various sectors of the economy, all while working flexible hours, in order to combine the job with your academic commitments.

## THE POSITION:

- Source and provide data and information for senior analysts
- Organise and update excel data sets, help with the maintenance of models and industry databases
- Prepare and update materials for presentations and reports

## YOUR PROFILE

- Undergraduate and graduate students
- Good command of English
- Basic command of MS Office
- Diligent, curious and attentive to detail

## WHAT ARE WE OFFERING?

- An opportunity to launch your career in an established financial institution
- Work alongside — and learn from — a team of experienced equity analysts
- Learn how to source, order and interpret data
- Master MS Excel and get a basic grasp of financial modelling
- Work flexible hours, in the centre of Prague, in a welcoming international environment

## Possible start

- Immediately or upon agreement
